Type of Activity

Terminology:

- **OER** = Acronym for Open Educational Resources. OER are any teaching and learning materials that are made available to others to use without cost, and with an open license that allows for their reuse, revision, and redistribution.
- **Open Resource** = Open Resources are "teaching, learning, and research resources that reside in the public domain or have been released under an intellectual property license that permits their free use and re-purposing by others. [Open Resources] include full courses, course materials, modules, textbooks, streaming videos, tests, software, and any other tools, materials, or techniques used to support access to knowledge" (Hewitt Foundation).

- Collaborative Open Resource Authoring (resource sprint, edit-a-thon, etc.)
- OER Prototyping and Implementation (adoption/adaptation and deployment of OER, etc.)
- OER Awareness, Engagement and Capacity Growing (events, workshops, panels, student engagement, surveying, etc.)
- Department, Unit, or Institutional OER Evaluation (evaluation of usage, creation of metrics, etc.)
- Other:

(Please describe)
